Snowline District Website— Connecting with Parents, Students, and the Community

Successful school, family, and community partnerships require effective communication. If communications are clear and useful, and if two-way channels are easily accessed, then school-to-home and home-to-school interactions increase and more families become involved in the educational process of their children. Studies by Joyce Epstein and Steven Sheldon indicate that good communications with families at all levels help decrease disciplinary actions and increase academic achievement.

Two of the ways that the Snowline Joint Unified School District provides clear and useful electronic communications are through Aeries and the district website. The Aeries Parent Portal is an invaluable tool for families to track the educational progress of their children in grades 6-12. Not only does the computer interface allow parents to check grades and determine the status of all class assignments, but it monitors attendance, class schedules, demographics, emergency contacts, and standardized test scores.

The Snowline website is a resource that can provide easy access to important district and school information. From school websites, school board meeting agendas, and calendar information to breakfast and lunch menus, bus transportation routes, and school closure alerts, the website allows users to be informed about the entire educational process. It also has helpful educational links, including direct access to the Aeries Parent Portal.

One of Snowline's core values is collaborative communication. Both the Aeries Parent Portal and the district website provide parents with resources that keep them informed and offer two-way communication. Please take advantage of these tools as you continue to help your child succeed.

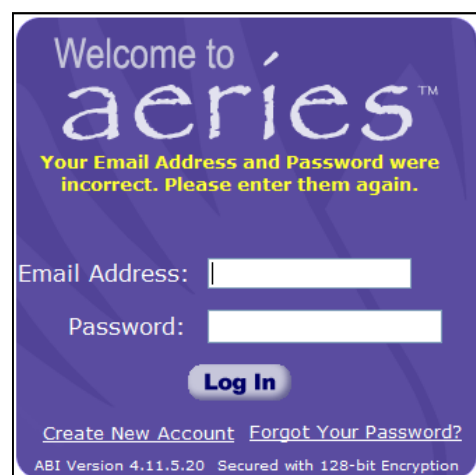

Welcome to the District Website

From the home page of the Snowline website, anyone can access the information they are looking for. From downloadable Health Services documents to information regarding school lunches and bus routes, many resources are easily available.

Each Snowline school has its own website that can be accessed by clicking the "Our Schools" tab on the home page of the website. You may also access department specific information by clicking the "Departments" tab.

AERIES Parent Portal

Parents can access their middle and high school-aged children's grades, assignments, and other pertinent information via the Aeries Parent Portal. Creating an account is easy to do with the account set-up tutorial found on the Parent Resources page.

Specific assignments can also be viewed for each child. Detailed information such as the assignment description, type of work, score, and completion and due dates can be accessed. Parents can keep on top of what their child is working on to ensure their child's success.

Student Info Attendance Grades Resources							
Gradebook Summary for [Student Name]							
Details	Gradebook	Term	Pd	Teacher	%	Grade	Missing Assmnts
+	LangArts 2	Y	2	Seeba	100.36	A+	0
+	Math 6	Y	3	Raygor	89.43	B+	1
+	Science 6B	Y	4	Raygor	99.25	A	0
+	Soc Studies 4A	Y	4	Seeba	103.50	A+	0

In Aeries, parents have access to the child's school work information. Above is a sample of what the Gradebook Summary in Aeries looks like. Parents can preview their child's grades and view if there are any missing assignments.
