SNOW DAY INFORMATION:

Even though it may have snowed the previous evening and weather forecasts may be calling for severe weather, the decision to call off school for inclement weather and/or unsafe road conditions is not made until approximately 5:00 a.m. after a careful analysis of current road and weather conditions throughout the District.

The SJUSD provides this web page as an additional avenue for parents, students and staff to obtain "snow day" information including "inclement weather" bus route schedules. SJUSD will use an automated telephone calling system to notify parents, students and staff of any changes to the school day due to inclement weather. To receive information via recorded telephone message call (760) 868-6739.
