Principal's Message

Welcome to Chaparral High. I invite you to read this year's School Accountability Report Card containing valuable information about our school's staff, programs, facilities, and progress in providing a rigorous, standards-based comprehensive curriculum to our students. In accordance with Proposition 98, every school in California is required to issue an annual School Accountability Report Card. To keep the lines of communication open, we welcome any suggestions, comments, or questions you may have about this report. Our number one priority is our students.

Mission Statement

Snowline Joint Alternative Education staff strives to inspire our students to reach their full potential academically, socially, and behaviorally. Our goal is to promote confidence, instill success, and cultivate learning, so that students become effective communicators and problem solvers within their communities.

School Profile

Chaparral High School is located in the central region of Phelan and serves students in grades nine through twelve following a traditional calendar. At the beginning of the 2010-11 school year, 239 students were enrolled, including 2% in special education, 18% qualifying for English Language Learner support, and 58% qualifying for free or reduced price lunch. Chaparral High School achieved a 2011 Academic Performance Index (API) score of 640. Students who attend Chaparral High are provided a safe, flexible learning environment to complete graduation requirements and explore post-secondary options. Instruction follows an eight-period schedule. Students must either be 16 years of age upon enrollment or must turn 16 years of age by the end of their first semester to attend Chaparral High.

Effective at the beginning of the 2011-12 school year, enrolled students may participate in Chaparral High School's Education 2020 online learning program.

Coursework may be completed during and after school on campus and at home with Internet access. A full range of core curriculum, electives, and A-G college prep courses are available.

Chaparral High has a six-year WASC accreditation. In 2011, the California Department of Education recognized Chaparral High School as a Model Continuation High School. Only 27 high schools throughout the state received this honor for their outstanding efforts to create a culture of learning and educational continuity for challenged students.

Student Enrollment by Ethnicity / Grade Level 2010-11			
Ethnic Group	%	Grade Level	#
African-Amer.	6.69 %	Grade 9	3
Amer. Indian or Alaskan Native	0.84 %	Grade 10	12
Asian	0.00 %	Grade 11	82
Filipino	0.42 %	Grade 12	142
Hisp. or Latino	46.86 %		
Pacific Islander	0.42 %		
Caucasian	43.93 %		
Multi-Racial	0.42 %		
Total Enrollment			239

Student Achievement

Standardized State Assessments

The Standardized Testing and Reporting (STAR) Program consists of several key components, including the California Standards Tests (CSTs); the California Modified Assessment (CMA), and the California Alternate Performance Assessment (CAPA). The CSTs show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, ten, and eleven.

Student scores are reported as performance levels. Detailed information regarding the STAR program results for each grade and performance level, including percent of students not tested, can be found on CDE's Standardized Testing and Reporting Results website at <http://star.cde.ca.gov>.

California High School Exit Exam

The California High School Exit Exam (CAHSEE) is a state-mandated test given to 10-12 grade students to measure student proficiency in math and language arts. The CAHSEE helps identify students who are not developing skills that are essential for life after high school and encourages schools to give these students the attention and resources needed to help them achieve these skills during their high school years.

Students must pass the language arts and math components of the examination to be eligible for a high school diploma. The test is initially given to students in the tenth grade. Students are given numerous chances to pass the test during their sophomore, junior, and senior years; 71% of Chaparral High School's tenth grade students who took the test passed the math portion of the exam and 76% passed the language arts portion. Proficiency scores from the test are used as a determination of Adequate Yearly Progress (AYP) as noted in the AYP section of this report.

Physical Fitness

The physical fitness test measures each student's ability to complete fitness tasks in six major areas. Students who either meet or exceed the standards in all six fitness areas are considered to be in the "healthy fitness zone." Due to the moderate number of students tested, and in order to protect confidentiality, fitness scores are not disclosed for Chaparral High School.

STAR Results - All Students Percentage of Students Scoring at Proficient & Advanced Levels

Alternative School Accountability Model (ASAM)		
Performance Indicators	Actual Performance Rate	Performance Standard Achieved
Suspension	20.4	Immediate Action
Credit Completion	8.7	Sufficient
High School Graduation	90.3	Sufficient

Alternative School Accountability Model

Schools that cannot participate in the API due to student population size may apply to participate in the Alternative School Accountability Model (ASAM). Chaparral High School has adopted ASAM, which is based on the results of standardized tests and other state board- and district-approved performance indicators. Alternative schools, like all schools, must seek to meet state standards of learning and achievement. Schools serving a majority of students who are at high risk for behavioral or educational failure, expelled or under disciplinary sanction, wards of the court, pregnant and/or parenting, or recovered dropouts must also meet the challenge of addressing personal and social issues that confront students and interfere with their abilities to reach grade level standards. ASAM accurately reflects the growth of students enrolled in alternative schools based on multiple indicators of progress including academic performance as well as other aspects of growth.

Chaparral High School's performance indicators used to evaluate progress are Suspension, Credit Completion, and High School Graduation. Collection of data to create baseline reports for comparison with other schools began in the 2001-02 school year. The ASAM table in this report illustrates the actual performance rates of Chaparral High School's students in each category and corresponding performance rating (2009-10 and 2010-11 results were not available at the time this report was published). A "Commendable" or "Sufficient" performance rating indicates a school met or exceeded expectations. "Growth Plan" indicates that the school is making obvious efforts to improve performance. For more information on ASAM, visit the state's website at www.cde.ca.gov/ta/ac/am/.

Adequate Yearly Progress

The Federal No Child Left Behind Act (NCLB) requires that all students perform at or above the proficient level on the state's standards-based assessment by the year 2014. Meeting Adequate Yearly Progress (AYP) milestones helps determine whether students are reaching proficiency level targets set by NCLB. AYP requires annual evaluation and reporting of the academic progress of all students and defined student subgroups.

For the 2010-11 AYP cycle, high schools must achieve a 66.7% or higher proficiency rate in English/Language Arts and 66.1% or higher proficiency rate in math on the California High School Exit Exam (grade 10 results only). Additional criteria contributing to whether or not a school demonstrates AYP include achieving a 95% or above participation rate on the CAHSEE, obtaining an API growth score of 710 or higher or increasing the API growth by 1 point, and obtaining a graduation rate of 90%. More information on AYP can be found on the California Department of Education's (CDE) website www.cde.ca.gov/nclb/ and the U.S. Department of Education's website www.ed.gov/nclb/accountability/.

Adequate Yearly Progress (AYP) Results Reported by Indicator & Compared to District Performance 2010-11		
<i>Did the school and district meet or exceed 2011 AYP performance criteria in each of the areas listed below?</i>		
AYP Indicator	CHS	SJUSD
Overall Results	No	No
<i>Participation Rate</i>		
Language Arts	Yes	Yes
Math	Yes	Yes
<i>Percent Proficient</i>		
Language Arts	Yes	No
Math	No	No
API Score	Yes	Yes
Graduation Rate	No	No

Reported data based upon performance of all subgroups for each of the areas listed

No Child Left Behind (NCLB)

The No Child Left Behind (NCLB) Act is part of the Federal Title I funding program designed to support additional staffing and programs to meet the needs of low-income, low achieving students, and other designated students with special needs. Schools may apply, based upon their student demographics, for one of two types of Title I funding: Title I Schoolwide or Title I Targeted Assistance. Title I Schoolwide schools use federal funds for schoolwide improvement of student achievement. Title I Targeted Assistance schools use federal funds to help those students who meet specific program criteria. In 2010-11, Chaparral High School did not participate in the Title I program and is therefore not required to comply with program mandates.

Any school receiving Title I funds is required to comply with respective program testing and reporting activities, achieve specific levels of student proficiency, and monitor school progress towards meeting established goals. California Adequate Yearly Progress calculations determine whether a Title I school has met performance goals. Schools not meeting specific AYP criteria enter Program Improvement, a monitoring system and curriculum enhancement program designed to help schools to increase student proficiency levels. More information about Title I and Program Improvement can be located on the CDE's website www.cde.ca.gov/ta/ac/ti/.

Parent Involvement

Parents are encouraged to get involved in their child's learning environment either by volunteering in the classroom, participating in a decision-making group, or simply attending school events. Parents stay informed on upcoming events and school activities through ConnectEd (automated telephone message delivery system), letters, progress reports, school newsletters, district and school web sites, and quarterly report cards. Contact the principal or school staff at (760) 868-5400 for more information on how to become involved in your child's learning environment.

School Facilities & Maintenance

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Chaparral High School's original facilities were built in 1988; ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner.

A work order process is used by school and district staff to communicate non-routine maintenance requests. Every morning before school begins, the plant manager inspects facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. One day custodian and two evening custodians are assigned to Chaparral High School. The day custodian is responsible for:

- Cafeteria setup/cleanup
- Office area cleaning
- General cleaning of classrooms
- Special events preparations

Restrooms are checked throughout the day for cleanliness and subsequently cleaned as needed. The evening custodians are responsible for:

- Restroom cleaning
- Comprehensive classroom cleaning

The principal communicates with custodial staff weekly concerning maintenance and school safety issues.

Campus Description	
Year Built	1988

Deferred Maintenance

Chaparral High School participates in the State School Deferred Maintenance Program, which provides dollar-for-dollar matching funds to assist school districts with major repairs or replacement of existing school building components. Deferred maintenance projects generally include roofing, plumbing, heating, air conditioning, electrical systems, interior/exterior painting, and floor systems. During the 2010-11 school year, Chaparral High School received \$7,287 in deferred maintenance funds for the repair and/or maintenance of:

- Electrical Systems
- Other Systems

For the 2011-12 school year, the district has budgeted \$250,000 for the deferred maintenance program. This represents 0.4 % of the Snowline Joint Unified School District general fund budget.

Facilities Inspection

The district's maintenance department inspects Chaparral High School on an annual basis in accordance with Education Code §17592.72(c)(1). Chaparral High School uses a school site inspection survey to identify unsafe or hazardous conditions and facility improvement needs. The most recent school inspection took place on Wednesday, September 21, 2011. Deficiencies noted in the school inspection survey were corrected immediately by the district's maintenance department. During fiscal year 2010-11, all restrooms were fully functional and available for student use.

School Facility Good Repair Status

Overall Summary of School Facility Good Repair Status			
Exemplary	Good	Fair	Poor
	✓		

Rating Description

Good: The school is maintained in good repair with a number of non-critical deficiencies noted. These deficiencies are isolated, and/or result from minor wear and tear, and/or are in the process of being mitigated.

Campus Supervision

School administration and teaching staff place a high priority on providing adequate adult supervision on campus before, during, and after school. As students arrive on campus each morning, the following individuals patrol the campus, entrance areas, and designated common areas: the principal, dean of students, teachers, and counselor. The principal, dean of students, campus monitor, and counselor monitor lunch time activity in the cafeteria and common student activity areas. At the end of the day when students are dismissed, the principal, dean of students, and teachers monitor student behavior and ensure students either leave campus or travel to after-school activities in a safe and orderly manner. To enhance two-way routine communication and facilitate an immediate response to urgent situations, the principal, office staff, plant manager, counselor, physical education teachers, and campus monitor carry hand-held radios while on campus.

Chaparral High School is a closed campus. During school hours, all visitors must sign in at the school's office and wear identification badges while on school grounds

School Site Safety Plan

The Comprehensive School Site Safety Plan was developed for Chaparral High School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures,

disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's most recent school safety plan was reviewed, updated, and discussed with school staff in August 2011.

Classroom Environment

Discipline & Climate for Learning

Chaparral High School's discipline practices and behavior management strategies comply with approved board policies and are designed to create effective learning environments and minimize classroom disruptions. Progressive discipline and proactive measures are employed in the classroom for those students experiencing difficulty following school rules and demonstrating positive behavior. Disciplinary intervention is managed by school administrators in a fair, firm, and consistent manner based upon the nature of each situation.

Suspensions & Expulsions			
	CHS		
	08-09	09-10	10-11
Suspensions (#)	94	129	96
Suspensions (%)	36.15 %	48.13 %	40.00 %
Expulsions (#)	16	14	9
Expulsions (%)	6.15 %	5.22 %	3.75 %
	SJUSD High Schools		
	08-09	09-10	10-11
Suspensions (#)	658	441	555
Suspensions (%)	21.72 %	14.79 %	19.50 %
Expulsions (#)	78	81	58
Expulsions (%)	2.58 %	2.72 %	2.04 %

This table illustrates the total cases (not number of days) of suspensions and expulsions, and includes students with multiple instances of suspension. For example, a student suspended in one month for 2 days and then suspended a month later for three days is counted as two cases of suspension.

Teaching Load

The Teaching Load Distribution table in this report illustrates the distribution of class sizes by subject area, the average class size, and the number of classes that contain 1-20 students, 21-32 students, and 33 or more students. Calculations exclude classrooms of 50 or more students. Note: 2010-11 information was not available at the time this r

Teaching Load Distribution Departmentalized Instruction

2010-11 data not available at the time of production of this report

Dropouts

Chaparral High School's teachers and administrative staff practice the early identification of and intervention on behalf of students who exhibit warning signs and/or behavioral traits that may lead to dropping out of school. Intervention strategies used to promote attendance and reduce dropout rates include parent conferences, counseling, Education2020 online credit recovery program, and referral to the independent study program. Understanding that the needs of each student are different, administrators, counselors, and teaching staff continue their efforts to discover successful solutions to help students complete their high school program.

In the following Dropout & Graduation Rates table, 2009-10 data is the most current information available, since state certification/release dates for dropout data occur too late for inclusion in this report. Detailed information about dropout rates and graduation rates can be found on the DataQuest Web page at <http://dq.cde.ca.gov/dataquest/>.

Graduation & Dropout Rates			
	CHS		
	07-08	08-09	09-10

	California		
	07-08	08-09	09-10
Dropout Rate	4.4%	3.9%	4.6%
Graduation Rate	80.6%	80.2%	80.4%

Graduation Requirements

Students must accumulate 230 course credits, pass the math portion of CAHSEE and pass the language arts portion of CAHSEE to receive a high school diploma from Chaparral High School. Alternative methods of acquiring a diploma are available through the

community day school, community college, adult school, and independent study program for those students who have been unsuccessful in a high school environment or have exhausted their opportunities to remain at Chaparral High School. The following table illustrates the percentage of students graduating from Chaparral High School who have met both CAHSEE and district graduation requirements.

Percentage of Students Passing CAHSEE & Meeting District Graduation Requirements* 2009-10**		
Chaparral High School	SJUSD	California
75.3 %	N/A	80.4 %
Graduation Rate Formula: # of Graduates divided by CBEDS 12th Grade Enrollment

Curriculum & Instruction

Staff Development

All training and curriculum development activities at Chaparral High School revolve around the California State Content Standards and Frameworks. Professional development activities continue to support the ongoing implementation of standards-based instruction and formative assessment. School-wide and grade-level collaborative efforts focus on students learning the standards through differentiated instruction. Professional development activities also continue to support the ongoing implementation of Response to Instruction and Intervention (Rti²). All teachers receive training in ELD standards and strategies to help English learners gain access to the core curriculum.

Decisions concerning selection of staff development activities are performed by teacher leaders, administrators, Teacher Learning Leaders, and Rti² coaches using tools such as teacher surveys, data analysis, and school plan goals to determine the areas in which additional teacher training may enhance classroom instruction and increase student achievement levels.

Teaching staff are provided the opportunity to participate in district-sponsored staff development workshops or training session as 1) a supplement to site-based staff development, 2) for reinforcement of or follow-up on previous training, or 3) follow-up training for newly implemented programs/curricula. During the 2010-11 school year, Chaparral High School's teachers attended the following events hosted by the Snowline Joint Unified School District:

- Data Management and Analysis
- English Language Development
- Gifted and Talented Education
- Instruction and Assessment

- Positive Behavior Intervention and Support (PBIS)
- Response to Instruction and Intervention (RtI²)
- Technology

Chaparral High School offers support to new and veteran teachers through peer coaching and mentoring. Instructional aides are provided targeted training focused on teaching strategies and curriculum content. All staff are encouraged to attend professional workshops and conferences.

Instructional Materials

All textbooks used in the core curriculum at Chaparral High School are aligned to the California Content Standards and Frameworks. Standards-based instructional materials are approved by the district's Board of Education. The district follows the State Board of Education's six-year adoption cycle for core content materials and the eight-year cycle for textbook adoptions in foreign language, visual and performing arts, and health.

On Tuesday, September 13, 2011, the Snowline Joint Unified School District's Board of Education held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Education adopted Resolution #12-1019 which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts, (3) sufficient textbooks or instructional materials were provided to each pupil enrolled in foreign language or health classes, and (4) sufficient laboratory science equipment was available for science laboratory classes offered in grades 9-12 inclusive.

In addition to core subject areas, districts are required to disclose in their SARCs the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2011-12 school year, Snowline Joint Unified School District provided each student, including English learners, enrolled in a visual/performing arts class with a textbook or instructional materials to use in class and to take home. These materials complied with the state's content standards and curriculum frameworks.

The textbooks and instructional materials used by the school are the most recently SBE adopted instructional materials.

College Preparation & Work Readiness

College Preparation Courses

Students are encouraged to take required courses if they plan on attending a four-year college or university. The following table illustrates the proportion of courses taken and successfully completed in relation to the number of course enrollments (sum of total enrollment in all classes). Note: 2010-11 enrollment data was not available at the time this report card was published.

Admission Requirements for California Public Universities

University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students

who have successfully completed specified college work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admission requirements please visit the University of California web site at www.universityofcalifornia.edu/admissions/general.html.

California State University

Admission requirements for the California State University (CSU) use three factors to determine eligibility. They are specific high school courses; grades in specified courses, and test scores; and graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses utilize local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For general admissions requirements, please visit the California State University web site at www.calstate.edu/admission/.

Workforce Preparation

Students in grades nine through twelve receive counseling from school personnel regarding career paths and courses of study. Upon enrollment, students meet with the counselor to discuss their four-year academic plan and are introduced to Chaparral High School's technical and career education programs; the counselor meets at least once a year with each student to follow-up on their progress in meeting graduation requirements and career objectives. All career and technical education (CTE) courses comply with state-adopted content standards and are integrated into the student's four-year academic plan as elective courses. Chaparral High School offers the following programs that promote leadership, develop job-related skills, provide on-the-job experience, and increase interest in school:

- Work Experience
- Regional Occupational Programs

Individual student assessment of work readiness skills takes place through:

- End of course exams
- Completion of course-required projects
- Industry standard tests

Work experience students are partnered with local employers that provide on-the-job training and mentoring for students 16 years of

age or older. Work experience students receive guidance and supervision designed to ensure maximum educational benefit from part-time job placement. For more information, students should contact the counselor.

Regional Occupational Programs (ROP) are offered in partnership with the San Bernardino County Office of Education. A variety of career technical education courses are available to help prepare high school students (16 years and older) for entry-level employment, upgrading current job skills, or obtaining more advanced levels of education. During the 2009-10 school year, Chaparral High School offered the following ROP programs as elective courses:

- Business Technology Lab
- Desktop Publishing
- Screen Printing (2011-12)

Professional Staff

Counseling & Support Staff

Chaparral High School provides professional, highly qualified staff that provide additional services and support centered on the whole student academically, physically, and mentally. The Counseling and Support Services table in this report illustrates the availability of non-instructional support staff to Chaparral High School's students. Full-time equivalent (FTE) is a standard measurement used to identify an employee's regular work load on a weekly basis. For example, an FTE of 1.0 designates a full-time position and the employee is on campus and available all day every day of the week; an FTE of 0.5 indicates that the staff member is available and on campus a portion (50%) of the week.

Counselors & Support Personnel (Nonteaching Professional Staff) 2010-11		
	No. of Staff	FTE
Counselor	1	.5
Dean of Students	1	1.0
Health Technician	1	.4
Nurse	1	*
Psychologist	1	.2
Speech & Language Specialist	1	*

* as needed
FTE = Full-Time Equivalent

Teacher Assignment

During the 2010-11 school year, Chaparral High School had 11 teachers who met all credential requirements in accordance with state guidelines. The Federal No Child Left Behind Act requires that all teachers in core subject areas meet certain requirements in order to be considered as "NCLB Compliant." Minimum qualifications include: possession of a bachelor's degree, possession of an appropriate California teaching credential, and demonstrated competence in core academic subjects. In the table below, which identifies the number of classrooms taught by NCLB-compliant and non-compliant teachers,

high poverty schools are those schools in the highest quartile for student participation defined by the free and reduced price meal program. Low poverty schools are those schools that are in the lowest quartile of program participation.

Percentage of Core Classes 2010-11

District Expenditures

Salary & Budget Comparison

State law requires comparative salary and budget information to be reported to the general public. For comparison purposes, the State Department of Education has provided average salary data from school districts having similar average daily attendance throughout the state. (Note: 2009-10 salary comparison data was the most recent data available at the time this report was published.)

Salary Comparison 2009-10		
	State Average of Districts in Same Category	
	SJUSD	
Beginning Teacher Salary	\$40,174	\$41,284
Mid-Range Teacher Salary	\$71,576	\$65,173
Highest Teacher Salary	\$85,939	\$83,460
Superintendent Salary	\$186,437	\$179,397
Average Principal Salaries:		
High School	\$119,629	\$118,384
Percentage of General Fund Expenditures for:		
Teacher Salaries	44%	40%
Administrative Salaries	6%	6%

Expenditures Per Student

For the 2009-10 school year, Snowline Joint Unified School District spent an average of \$6,916 of total general funds to educate each student (based on 2009-10 audited financial statements and in accordance with calculations defined in Education Code §41372). The table in this report 1) compares the school's per pupil expenditures from unrestricted (basic) and restricted (supplemental) sources with other schools in the district and throughout the state, and 2) compares the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding salaries can be found at the CDE website at www.cde.ca.gov/ds/fd/ec/ and www.cde.ca.gov/ds/fd/cs/. (The figures shown in the table below reflect the direct cost of educational services, per ADA, excluding food services, facilities acquisition and construction, and certain other expenditures.)

In addition to general fund state funding, Snowline Joint Unified School District receives state and federal categorical funding for special programs. For the 2009-10 school year, the district received categorical, special education, and support programs funds for:

- After School Learning & Safe Neighborhood Partnerships
- Agricultural Vocational Incentive Grants
- ARRA: State Fiscal Stabilization Fund
- Class Size Reduction, Grades K-3 (optional)
- Economic Impact Aid (EIA)
- English Language Acquisition Program, Teacher Training & Student Assistance
- Lottery: Instructional Materials
- Partnership Academies Program
- Special Education
- State Lottery
- Tobacco-Use Prevention Education
- Transportation

- Transportation: Special Education
- Vocational Programs
- Title I, II, III, IV, V
